DUMMER ACADEMY

ONE HUNDRED AND FIFTY-FIFTH YEAR

1917—1918

By the gift of his estate comprising three hundred and thirty acres of land in Newbury, Massachusetts, with his country house and farm buildings, Lieutenant Governor William Dummer laid the foundation for the Academy which bears his name. The school was opened in 1763 and incorporated in 1782. It is the oldest school of its kind in New England.

The school receives boys as boarding pupils or day pupils from the age of nine years. By a systematic course of study extending over eight years, it prepares them thoroughly for college or business life.

The school aims to discover the possibilities of each student and to train him so that in utilizing his possibilities, he may think clearly and soundly, and, with widened perceptions and strengthened affections, seek eagerly his proper place in the community, render full service, and advance high purposes.

THE UPPER SCHOOL

THE CLASSICAL COURSE is designed to meet fully the entrance requirements of candidates for the degree in Arts in any university or college.

THE SCIENTIFIC COURSE prepares for Massachusetts Institute of Technology and similar institutions.

THE ENGLISH COURSE is designed for those who do not expect to pursue their studies beyond graduation.

WRITTEN EXAMINATIONS are held monthly and reports are sent regularly to the parents.

THE CERTIFICATES of this school, in lieu of examinations, are accepted by all New England colleges (except Harvard and Yale, which admit by examination only),—and by other American universities.

THE JUNIOR SCHOOL

THIS DEPARTMENT covers the work done in the grades of a grammar school and furnishes a thorough preparation for the Upper School of the Academy.

THE CLASSES are small and the boys receive thorough drill and constant individual attention. Part of the instruction of the last year in the Junior School is given by Masters of the Upper School. This insures the co-ordination of the departments and prevents loss of ground by a student in going into the Upper School.

ANY PUPIL who proves himself capable of doing more than the prescribed work in the Junior School may, on permission of the Master, pursue one or more subjects in the Upper School (Latin, French) and, vice versa, a pupil in the Upper School who is poorly prepared in any branch of grade work may take that subject with the Junior School. By this method the progress of a pupil who excels along certain lines is not retarded, and the backward one is strengthened in the subject he finds difficult.

WRITTEN EXAMINATIONS are held monthly and reports are sent regularly to the parents.

ADMISSION

STUDENTS are eligible for admission to the first and second year classes of the Lower School or of the Upper School, if qualified as shown by approved records or examinations and satisfactory testimonials as to character. They may, in case of vacancies or by special permission, be admitted into other classes on satisfactory evidence of good character, industry, and average ability.

APPLICANTS for the first year in the Upper School are examined in Arithmetic through percentage, Geography, English, Grammar, and the elements of United States History.

APPLICANTS for the Lower School must be more than nine years of age and be able to do the work of the third grade in the public schools.

BOYS ARE entered for the entire year except in special cases in which it is otherwise agreed in writing before entering.

NO STUDENT will be retained in the school whose removal, either permanent or temporary, is believed to be for his best interest or that of the school.

NO STUDENT is allowed to remain at the Academy during the regular vacations except by special arrangement made with the Master.

OUTFITS

EACH BOY is supplied with couch, mattress, pillow, double blanket, chiffonier, table and chairs.

HE SHOULD bring a bath-robe, bed slippers, bath towels, common towels, sheets for bed three feet by six feet six inches, pillow cases thirty-three inches long by twenty-three inches wide, napkins and ring, couch cover, two bags for soiled clothes, a small rug and additional blankets. All articles should be marked with the owner's name.

SUITABLE CLOTHING and footwear for outdoor life in all weathers are essential. A sweater and gymnasium suit are also necessary.

As military drill is now a part of the school work arrangements have been made for securing uniforms through the school office.

ATHLETICS

THERE ARE facilities for all branches of athletics including golf.

THE REGULAR teams are well supported, but they are regarded as a means and not an end. Athletics are designed for the health and enjoyment of the students, and are taken in the open air whenever possible.

DAY STUDENTS as well as the boarding students may be required to take physical training in the afternoons.

MILITARY DRILL

REGULAR MILITARY INSTRUCTION is now a recognized part of the school course.

RELIGIOUS LIFE

WHILE THE school is a Congregational foundation, it is in fact non-sectarian. It holds that some positive religion is of great importance to the developing boy and seeks to enrich his life by teaching the love of truth and the significance of worship and aspiration.

THE EXERCISES of each day begin with morning prayers. On Sunday, attendance at the morning service of the Byfield Parish (Congregational) Church, or of some other church selected by parent or guardian, is required.

ON SUNDAY AFTERNOONS the Students meet the Masters in a regular course of Sunday school lessons. In the evening the whole school gathers for a service of song and an address by the Master or a speaker invited to conduct the service.

AS A PART of the school course regular instruction is given in the Bible as literature.

PERMANENT FUNDS, SCHOLARSHIPS, AND PRIZES

Governor Scholarships.

William Dummer, the founder, Lieutenant-Governor and acting Governor of Massachusetts Bay Colony, provided in his will that the income from his dwelling house, farm and real estate in the Parish of Byfield should be appropriated to building a grammar school house and thereafter toward the maintenance of a grammar school master.

The income of his estate for 1917-1918 is estimated to be $750.00, which is applied to the maintenance of the Master. This is carried out through the establishment of seven Governor Scholarships of a value equivalent to such amount. These are awarded annually to boys coming to the school from the Parish of Byfield as day pupils upon their giving satisfactory evidence of good character, industry and ability. The First Governor Scholarship is equivalent to $150.00, and it entitles the boy found by the Master best qualified among those eligible, to attend the school free of tuition for a year. Each of the other six is equivalent to $100.00 and entitles the holder to attend the school at the reduced cost of tuition of $50.00 for the year.

MOODY KENT FUND $500.00

Moody Kent of Concord, New Hampshire, a student in the Academy in 1797, by his will in 1866 bequeathed $500, the income to be expended in the purchase of medals with suitable devices or engravings thereon, not less than two nor more than ten each year, to be given to such scholars or pupils as shall in the opinion of the Trustees be best entitled by their good behavior and attainments to such marks of distinction, and would be most likely to profit by them; not more than one medal to be given to any individual and none to be given to any individual who has not been at least one year at the Academy.

By an Act of the Legislature of Massachusetts, 1909, Chapter 74, The Trustees of Dummer Academy in the County of Essex were authorized to use the income of the Moody Kent Fund for diplomas and other prizes to such students as said Trustees from time to time shall deem deserving, instead of for medals as provided in the will of Moody Kent.

On Commencement Day each year six prizes of $10.00 each are awarded for the highest standing in the following subjects:— English, Classics, Modern Languages, Mathematics, Science and History.

STICKNEY FUND $10,000.00

Sarah Hale Stickney of Lowell, Massachusetts, by her will allowed July 10, 1883, gave a legacy of $10,000 to be known as the Stick-

ney Fund in memory of her honored father, Samuel Stickney, a former pupil and for many years a Trustee of the school, and of his interest in the Academy and in the cause of education and religion, the income to be used for the support of instruction and for the benefit and advancement of the Academy.

The income is used for the Stickney Fund Teaching Foundation.

CYRUS WOODMAN FUND $1,000.00

Cyrus Woodman of Cambridge, Massachusetts, a trustee of Dummer Academy from 1881 to his death in 1889, bequeathed the sum of $1,000 which was given to the Academy to be known as the Cyrus Woodman Fund, the income only to be used for the general purposes of the school.

EWELL FUND $100.00

John L. Ewell, who graduated from the Academy in 1856, by his will allowed in 1901, bequeathed $100 to be known as the Ewell Fund in memory of John Lewis Ewell, the income only to be used and to be expended by preference in books illustrative of the Bible or aiding in its study.

STERNS FUND $500.00

Mrs. Harris O. Poor and Mrs. Charles Swan in December, 1913, gave the sum of $500 to be called the Sterns Fund, in memory of their father, Samuel Sterns of Bangor, Maine, a student in the Academy in 1859;

the income to be awarded each year to some deserving student for the purchase of text books, or the principal with the approval of the donors to be used as a student loan fund.

Newburyport Chapter, Dummer Allies Fund

On April 9, 1912, the Newburyport Chapter of Dummer Allies made a gift of $300 with the intention of making further gifts from time to time until the several gifts, together with interest at 4 per cent, should be equivalent to $2,000; and thereafter the Newburyport Chapter of Dummer Allies should have the right to nominate each year, subject to the approval of the Master, a day-student to be educated at the Academy without further charge for tuition under a scholarship to be called the Newburyport Chapter of Dummer Allies Fund.

On June 1, 1915, the fund of $2,000 was completed and presented at commencement.

Newbury Chapter, Dummer Allies Fund

On September 11, 1913, the Newbury Chapter of Dummer Allies gave the sum of $100 to be used as a loan fund for deserving students, to be repaid by them to the permanent funds of the Academy.

They also give each year two scholarships of $25.00 each as additional aid to students from the Parish of Byfield.

Edward Parish Noyes Fund $17,140.00

In 1915, Mr. Joseph Lee of Boston gave the sum of $17,140.00 stating that "my purpose in making the gift, besides helping the Academy in which I have a thorough belief as embodying a valuable tradition and being an excellently conducted school, is to provide some appropriate memorial to Edward Parish Noyes." Mr. Noyes was of the Class of 1873 and a trustee from 1895 to his death in 1913. Part of the fund was used with other gifts toward erecting the Master Moody House; the income from the rest is used for the Edward Parish Noyes Teaching Foundation.
